## Section III: Schedule of Requirements

### 1. BACKGROUND

Information and Communication Technology Agency of Sri Lanka (ICTA), a government owned company, is the apex agency for Information Technology in Sri Lanka, established by ICT Act No. 27 of 2003, which functions under the purview of Ministry of Telecommunication and Digital Infrastructure.

Office of the ICTA is currently located at a building in Colombo 05 having approximately 16,000 square feet with a staff strength of about 140. Due to expansion of projects scopes and new initiatives with implementation of larger projects, ICTA intends to increase staff strength and therefore there is an urgent requirement of obtaining sufficient office space for relocation. Also there are large number of visiting customers including government officials.

ICTA is in need of office space of approximately 25,000 square feet and reserved/secured parking facilities for about Fifty (50) initially for a period of four (4) years with a flexible option for expansion and to renew for further duration depending on the requirement.

ICTA now invites sealed bids from **Owners/Lease Holders of properties** approved for Commercial/Institutional purposes for providing approximately 25,000 square feet **unfurnished** office space, in and around Colombo city limits, for relocating the office of Information and Communication Technology Agency of Sri Lanka.
