**3. Management Competence** (Please answer each question in one paragraph of 5-7 sentences)

a. If you are proposing an association such as a joint venture (J/V)/consortium, outline the rationale for and benefits of the “association.” Outline proposed management coordination of the “association,” including the role of each firm.

b. Does your firm/joint-venture (J/V)/consortium have (1) standard policies, procedures and (2) industrial certified practices in place that promote quality in: the workplace, your interaction with clients, and the outputs you produce? If yes, describe briefly.

In case of a joint-venture/consortium, please submit relevant information (Part (1) and (2)) for each party.

c. (1) Does your firm/joint venture/consortium parties have a dedicated unit or staff solely responsible for software quality assurance? (2) Describe your internal Software Quality Assurance (SQA) policies, procedures and processes briefly.

In case of a joint-venture/consortium, please submit relevant information for each party.

d. What (1) communication protocols, (2) escalation management and (3) complain resolution processes are in place in your firm/joint venture/consortium for dealing with any complaints concerning the performance of the staff or the quality of the software solution developed for this consulting assignment?

In case of a joint-venture/consortium, please submit relevant information for each party.

Based on the attached project reference sheets (Annex 1) and the firm's performance, highlight the technical and general qualifications including experience of your firm/joint venture/consortium (maximum of 4 pages). When the firm submitting the information special attention should be given to the following areas and the project specific references should be included in front of each question.

**Example:**

Question: 5.5. Explain the past project experiences related to SOA based projects deployed in a cloud computing platform

Answer: Refer Project Sheet number 3, section 16.4

4. Explain your past project experience by describing 5 projects using the Annex 1.

- 4.1. Please select the projects which fit the size and nature of the proposed project (As per Terms of Reference document)
- 4.2. Please include the projects which have been implemented for government and the similar nature of Document Management Systems.

**5. Technical Qualifications**

5.1. Explain the past projects related exposure with SOA based architecture using SOAP based approach.

You are required to explain how service implementation, consumption were done along with SOA based security feature usage. (You are required to explain at least 2 projects)

5.2. Explain the past projects related exposure with SOA based architecture using RESTful approach. You are required to explain how API implementation, consumption, governance were done along with SOA based security feature usage. (You are required to explain at least 2 projects)

5.3. Explain how above projects could be leveraged in a complete environment like ESB, Governance Registry, API manager setups. If any past project exposure relevant to this, please describe.

5.4. Explain how open standards, interoperability aspects were leveraged and enterprise software architecture best practices were used in above systems.

5.5. Explain the past project experiences related to SOA based projects deployed in a cloud computing platform

5.6. Elaborate how you have ensured high availability of the above mentioned projects.

5.7. Explain the performance and scalability considerations in above mentioned projects.

5.8. Explain past project exposure related to responsive web design

5.9. Explain past project exposure with OpenID/oAuth2 or any other enterprise level identification mechanism

6. Nature of the Firm as per the industrial classification (small/small & Medium/large)

7. Core business of the firm

Software Project Management

Software Development

Business Analysis

Information Security

8. Financial and administrative (Organizational structure) strength certified by the audited financial reports for last three years

9. Firm's history-number of years in software development business

10. Technical & managerial organization of the firm, staff strengths and capabilities & appropriate skills of firm's staff
11. Any other relevant information

### Annex (1)

#### Project Sheets

**Important:** Indicate up to **5 reference projects** that the firm/sub-consultancy/joint venture experiences are relevant.

#### Project 1 of .....

1.	Project Name	
2.	Name of Client	
3.	Client Reference (Contact Name & Contact Number)	
4.	Country	
5.	Participation	<input type="checkbox"/> As lead firm <input type="checkbox"/> As associate firm
6.	Cost of the Software project	LKR
7.	Source of Financing	
8.	Consultancy Services (should specifically indicate associate firm's staff allocations)	
	8.1 No. of staff	
	8.2 No. of person months	
9.	Length of Consultancy Assignment	
10.	Start Date (dd/mm/yyyy)	
11.	Completion Date (dd/mm/yyyy)	
12.	Name of Associate Firms (if any)	
13.	No. of Person-Months of Professional Staff Provided by Associated Firm(s)	
14.	Name of Senior Staff (Project Director/Coordinator, Team Leader) Involved and Functions Performed (should specifically indicate associate firm's staff involvement)	
15.	Detailed Description of the Project	
	15.1 Explain the project domain. Example: HR, ERP, Welfare, Etc	
	15.2 Size of the project. Example: Number of concurrent users, Number of transactions per second/ minute/ hour	
	15.3 Other information	
16.	Detailed Description of the Actual Services Provided by your Firm. (Please fill the applicable sections given below)	

16.1	Experience with SOA based architecture using SOAP based approach or RESTful approach
16.2	Experience with ESB, Governance Registry, API manager setups
16.3	Experience with open standards, interoperability aspects were leveraged and enterprise software architecture best practices
16.4	Experience with cloud hosting
16.5	Experience with ensuring high availability
16.6	Experience with performance and scalability considerations
16.7	Experience with responsive web design
16.8	Experience with OpenID/oAuth2 or any other enterprise level identification mechanism
